Amazon Book Review Series of “*Wild Wise Weird*”

Jordan Beckett, Shannonreader, Chris

United States, January 15th and 18th, 2025.* * *

Jordan Beckett: A little slice of life

Diving into this collection was like taking a stroll through a quirky neighborhood. Each story felt like a peek into everyday life, filled with relatable moments that made me chuckle and think. The humor is spot on, and it's refreshing to see cultural nuances woven in without feeling forced. I found myself nodding along, recognizing bits of my own experiences in the tales. It's a nice mix of lighthearted fun and deeper reflections, which kept me engaged throughout. Definitely worth checking out if you're in the mood for something different! [1]

Shannonreader: Great read

Great read filled with odd yet creative stories. Kept my attention as the stories are told from the perspective of a kingfisher. Bird's eye view on many matters lends creativity and interest to this book. Great visuals that were particularly worth noting. [2].

Shannonreader

★★★★★ Great read

Chris: Life lessons with a smile

Too many books try to impart lessons without incorporating humor. They lose me halfway through the novel. Not this book, though. The Kingfisher Story Collection was thought-

provoking but also a fun read. I liked some stories better than others but, overall, the author did an excellent job. [3].
