

This book is a compilation of the work done by the author and mainly focuses on understanding the relationship between meta – science and religion in relation to consciousness. The author claims that the various ideas and hypothesis presented here are just an attempt to understand the meta-impressions of consciousness that exist around us. “Ye have neither heard his voice at any time, nor seen his shape; for God has no form or shape” John 5:37

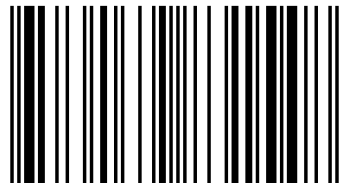

Contzen Pereira

Meta-Impressions in Consciousness

Contzen Pereira, PhD, is an Independent researcher from India. Presently, he works in the field of consciousness, animal cognition and metaphysics. He has written several papers in metaphysics and consciousness.
