Verified Purchase

The book is full of wisdom and wit and is an easy and enjoyable read. The Kingfisher has long been one of my favorite birds - since the first time I witnessed its amazing fishing skill and technique - so I found all these diverse stories with the Kingfisher as the main character truly fascinating.

★★★★★ **A Bird's Eye View of Vietnamese Life**

Reviewed in the United States on February 1, 2025

Just finished this delightful collection of short stories about Kingfisher, and I can't stop thinking about it! Originally written in Vietnamese, these stories offer such a wonderful peek into Vietnamese culture through the daily adventures of birds in their village. What I loved most was how the author managed to make me laugh while also making me think deeply about life and society. The humor is clever but not forced, and even though it's satirical, there's this warmth that runs through all the stories. Some tales felt more meaningful than others, but overall, they paint such a vivid picture of village life. It's amazing how relatable bird characters can be! Perfect for reading in short bursts before bed. If you're looking for something different that'll make you both smile and reflect, give this one a try.

"The Kingfisher Story Collection" is a delightful mix of humor, wisdom, and creativity. The stories are engaging and thought-provoking, blending timeless lessons with modern reflections. The writing is charming, and the imaginative artwork adds to the experience. A must-read for those who love fables with meaning!

Matthew Rosenblum [4]:

This is a modern book of fables that feels like something you have read as a kid or many years ago. The wisdom and content still remain very relevant today, which made this book an easy and fun read. I also enjoyed many of the illustrations, especially the watercolors of the birds the author was referencing. Overall, the book flowed from one story to the next, and before I realized it, I had reached the end. Highly recommend.
