

# An Applied Pathology of Bureaucratic Democracy — Democratic-party counterstrategy against consolidation of power by the Republican party in the United States.

Dear Senator Sanders,

From a dual-citizen sheep to his shepherd.

There is mathematical evidence to prove leaders like you are very too few.

- 1** – Please Senator Sanders be the leader of the Democratic Structure.
- 2** – But please do not run for presidency.
- 3** – Please current Democratic Structure yield to Senator Sanders.
- 4** – Please Senator Sanders fight for abortion rights.
- 5** – Please give ultimatum to abolish the privilege of dual citizenship. Either this or that. Dual citizenship enables the most advanced form of colonialism and worsens global inequality.
- 6** – Please most urgently fight for the two-state solution.
- 7** – Otherwise please compromise with the Democratic Structure and else.
