

Barry Smith, Editor

Parts and Moments

Studies in Logic and Formal Ontology

Munich and Vienna: Philosophia Verlag, 1982

[pdf file](#)

Table of Contents

Preface

Barry Smith and Kevin Mulligan

[Pieces of a Theory](#)

§ 1 From Aristotle to Brentano

§ 2 Stumpf's Theory of Psychological Parts

§ 3 Husserl's 3rd Logical Investigation: Formal Ontology of the Part-Whole Relation

§ 4 The Theory of Material A priori Structures; Phenomenology and Formal Ontology

§ 5 The Influence of the *Logical Investigations* on Logical Grammar and Linguistics: Husserl and Leśniewski

§ 6 Further Developments: Kohler, Lewin, Rausch

Notes

Peter M. Simons

[Three Essays in Formal Ontology](#)

Prefatory Note

I. The Formalisation of Husserl's Theory of Wholes and Parts

§ 1 Introduction

§ 2 Problems of Formalisation

§ 3 Husserl's Basic Concepts: Whole and Foundation

§ 4 Dependence

§ 5 Husserl's Six Theorems
 § 6 Applications
 § 7 Relations and Foundation
 Notes

II. Number and Manifolds

§ 1 Introduction: The Philosophy of Number
 § 2 Frege's Criticisms of Manifold Theories
 § 3 Plural Terms and their Designata: Manifolds
 § 4 Against the Group Theory of Number
 § 5 Counting and the Mereological Properties of Aggregates
 § 6 One and Zero
 § 7 There are no Second-Order Manifolds
 Notes

III. Plural Reference and Set Theory

§ 1 Classes as Many and as One: Historical Remarks
 § 2 Linguistic Phenomenology of Plural Reference
 § 3 Problems of Formalisation
 § 4 Axiomatisation of Manifold Theory
 § 5 Some Comparisons
 § 6 Sets as Representatives of Classes
 § 7 Concluding Remark
 Notes
 Bibliography

Eugenic Ginsberg

[On the Concepts of Existential Dependence and Independence](#)

Editorial Note by P M. Simons
 § 1 Analysis of Stumpf's Definitions
 § 2 Analysis of Hofler's Definitions
 § 3 Analysis of Twardowski's Definitions
 § 4 Husserl's Definitions
 § 5 Analysis of Husserl's Definition of Dependence – Application to Objects
 § 6 Analysis of Husserl's Definitions of Dependence in Application to Parts
 § 7 Analysis of Another Husserlian Definition of Dependence
 § 8 Analysis of Husserlian Definitions of Independence
 § 9 An Attempt to Define Dependence and Independence
 § 10 Possible Classifications of Dependence and Independence
 § 11 Elements of the Relation of Dependence
 § 12 Conclusion
 Notes
 Bibliography

Barry Smith

[Introduction to Adolf Reinach "On the Theory of the Negative Judgment"](#)

§ 1 Kant and Hume on the Material *A Priori*
 § 2 The Philosophy of *Sachverhalte*
 § 3 The Theory of Social Acts
 § 4 On the Nexus of Representation
 Notes

Adolf Reinach

[On the Theory of the Negative Judgment](#)

I. Investigations of Judgment in General

- § 1 The Ambiguity of the Term ‘Judgment’
- § 2 The Sphere of Conviction and the Sphere of Assertion
- § 3 Acts of Presentation and Acts of Meaning
- § 4 The Independence of Meaning and Intuition
- § 5 Judgment and Presentation (Critique of Brentano)

II. States of Affairs

- § 6 Positive and Negative Position-Takings
- § 7 The Objectual Correlates of Judgments: Judgments and Relations
- § 8 States of Affairs as Objectual Correlates of Assertion and Belief
- § 9 Further Characteristics of States of Affairs
- § 10 The Apprehension of States of Affairs: Judgment vs. Apprehension
- § 11 States of Affairs and Relations
- § 12 On Impersonalia
- § 13 Negative Conviction

III. Negative States of Affairs and the Sphere of Assertion

- § 14 The Character of the Assertive Sphere: Simple and Polemical Negative Judgments
- § 15 Cognitive Functions: ‘And’, ‘Hence and ‘Not’
- § 16 The Moment of Assertion
- § 17 The Pure Logic of Emphasis
- § 18 Sachverhaltselemente (The Elements of States of Affairs)

IV. The Locus of Negation

- § 19 Subjective and Objective Aspects of Negative Judgments
- § 20 Negation of the Predicate and of the Copula: The Doctrine of Infinite Judgments
- § 21 Concluding Remarks

Notes

Bibliography

Dallas Willard

Wholes, Parts and the Objectivity of Knowledge

- § 1 Ontology Presupposed in Epistemology
- § 2 Three Aspects of the Objectivity of Knowledge
- § 3 Husserl’s First Problem: The Objectivity of Formal Methods in Arithmetic
- § 4 The Problem Generalised
- § 5 Transcendence Becomes the Main Issue
- § 6 The Beginnings of a Solution
- § 7 Wholes, Parts and Properties in the Objectivity of Knowledge

Notes

Bibliography

Wolfgang Kunne Criteria of Abstractness.

The Ontologies of Husserl, Frege and Strawson against the Background of Classical Metaphysics

- § 1 Non-Perceptibility (First Platonic Demarcation-Proposal)
- § 2 Unchangeability (Second Platonic Demarcation-Proposal)
- § 3 Non-Reality (Frege’s Criterion and the Category of Individual Moments)
- § 4 Individual Moments and Properties: Husserl’s Aristotelianism
- § 5 Sense-Determinate Singular Terms (Strawson’s Demarcation-Proposal)

Notes

Bibliography

Gilbert T. Null and Roger A . Simons

Manifolds, Concepts and Moment-Abstracta

- § 1 Introduction

- § 2 Isomorphism Types
- § 3 Manifolds
- § 4 Further Aspects of Manifold Theory
- § 5 Interpreting Whole-Part Notions in Manifold Theory
- § 6 Ontology and Epistemological Interpretations of Manifold Theory
- Bibliography
