

# The Ontology of Mathematics

*Zero and One (Circumference and Diameter)*

Photo by [AXP Photography](#) on [Unsplash](#)

Circumference and-or Diameter

The Singularity called 'Nature' and the Metaverse called 'Mind'...

The Solstice (and its Mandatory Circular-Linear Relationship to The Equinox)

The History of 'Ideas'. Starting with the 'pyramid...'

Configuration Symmetry ...

The Qubit: The Universal System Architecture of Nature (Relative Identity)

(Self-Reference) (Quantum Entanglement)

Quantum Entanglement on All Levels

Scorpio in the Twelfth House. Death and Dreams.

Multi-Channel Mathematics. Zero and one is one and two is two and...

A Clearer Understanding of Infinity

1221. There are only two numbers in Nature...

Quantum Reality. Quantum Relativity...

The Importance of 'Unitization'. Everybody knows an uber-simple circle...

And-Or. It is impossible to have 'or' without 'and'...

The Circular Theory Quantum System Architecture

The Problem of Primordial Black Holes (and Force Carriers)

New Physics (Philosophy, Psychology)

Conservation of the Circle. Core Dynamic in Nature

Nature's Algorithmic Architecture

The 'Tik-Tok' Universe...

The One-Party System. How to Rectify Universal Duality....

The Billionaire. Intelligent Anarchist...
