Contents

Introduction	5
The Rules of Lottery	11
Supporting Mathematics	15
Probability space	16
Probability properties and formulas used	19
Combinatorics	22
Parameters of the lottery matrices	25
Number Combinations	27
Probabilities of Winning with Simple Lines	37
General formula of the winning probability	37
Cumulated winning probabilities	53
Intermediary probabilities	67
Enhancing the Winning Probability	75
Probabilities of winning with systems	76
Probability thresholds	91
Compound Lines	107
Unfolding compound lines	108
Winning probabilities	111
The number of prizes	127
Systems of compound lines	136
Bridgehead Systems	141
Winning probabilities	142
The number of prizes	155
Reduced Systems	159
Obtaining the reduced systems	161
Winning probabilities	173
Probabilities of Repeated Events	177
The Strategy of Choosing	191
