

A vintage red tin robot with a silver dome-shaped head. The robot has two large black circular eyes and a small black nose. Its chest is decorated with several gauges: a large circular gauge on the left, a semi-circular gauge on the right, and a rectangular gauge at the bottom with numbers 1-6. The robot has red arms and legs, and stands on grey bases. The background is a plain, light-colored wall.

Intelligenza artificiale e robotica:

le sfide relative all'embodiment, all'emozione e al contesto

“Intelligenza artificiale e robotica: le sfide relative all’embodiment, all’emozione e al contesto.” In Lorenzo Denicola, ed., *Robot medium*. Rome: Plexus, 2022.
